TRANSPORTATION TEMPERATURE LOG

Instructions: Please maintain this log for each time you transport fresh or frozen food to/from FBW or your designated store pick- up location. Record the time of pick-up, temperature at pick-up, and temperature when unloaded at your location. Maintain this log for a minimum of three years. **Refrigerated/fresh food should be between 32˚-40˚F. Frozen food should be 0˚ or below 0˚**
