## Maddie's Story

I grew up in Wyoming, home to some of the most beautiful sunsets and most breathtaking landscapes I have ever seen. I have a passion for people and am pursuing my bachelor's degree in Social Work, hoping to practice with inner-city youth. Serving people in all different capacities is what I am called to do and I have been surprised to see the impact hunger has, even in Wyoming. I am humbled to help #fighthunger and #feedhope in the state I call home.
