

Partner Agency Perks

Food Bank of Wyoming is devoted to our partners – that's YOU! Just as your team would go the extra mile for your clients, we will go the distance for your team. Here's how:

Training your team on food safety, inventory, and purchasing

Helping you develop services/programs that meet your community's needs

Offering online ordering to stretch your purchasing power

Helping with your marketing and social media efforts

Offering a wide variety of quality foods

Providing capacity-building opportunities and Food Credit grants

To honor our partnership and support your work, we will continue to:

Waive all Hunger Relief Partner support fees for the foreseeable future

Provide fresh produce and bread at no cost to Hunger Relief Partners

Work diligently to source more donated food for Hunger Relief Partners at no cost

Purchase more goods to continue providing an array of nutritious and desired foods

Proactively buy larger quantities to account for shortages or delivery delays

The challenge of hunger is enormous, and we can't do this work alone. Food Bank of Wyoming knows that without your collaboration, people across Wyoming would not have access to nutritious, fresh food.

Thank you for all you do and for being part of our network!
