

Food Rescue Capacity Expansion Grant Equipment Catalog

- Grant requests **are not limited** to equipment found in this catalog. This is a reference tool to help navigate the wide array of options available. Use it as a starting point, not a final authority.
- Online vendors are listed here, since they are equally accessible to our agency partners throughout Colorado and Wyoming. WebstaurantStore.com, RestaurantSupply.com, and ULINE.com are trusted industry standards. Local options may be more affordable or have a different selection.
- Shipping costs are estimates for reference, based on shipping a single item to Food Bank of the Rockies main location in Denver. Ordering multiple items will likely affect shipping, as will your location. Please have a formal quote and/or guaranteed pricing of equipment, including any applicable tax and shipping costs, before submitting your application.
- If you need assistance looking for particular equipment or supplies, please reach out to us. Food Bank of the Rockies staff will help to support your agency by finding the best choice. Please contact:
